Classroom News

The theme on “Amazing Me” helps children to realize that every person is unique and special. The activities help them get to know the special and unique things about themselves and each other. Through these activities, the children learn to communicate about themselves, fostering identity and self-awareness. It supports the development of language skills as children learn to describe themselves, their experiences, and their feelings using words.

Chinese New Year Celebration

Our Chinese New Year celebrations began with the children singing traditional new year songs to get everyone in the festive spirit! The children learned about the legend of “Nian”. After hearing the story, they get to see the story “alive” through the performances by the teachers. Thereafter, they also participated in interactive games.

Pastor Rachel shared the biblical teachings behind the Chinese culture and traditions. For example, blessings in the red packet represents John 3:16, “For God loved the world so much that he gave his only Son. God gave his Son so that whoever believes in him may not be lost but have eternal life”. Another example is the Chinese New Year couplets, it represents Psalm 119:105, “Your word is like a lamp for my feet and a light for my way”. It was indeed an enriching celebration!
